

## 450 SERIES

# RELN Uni-Pit Vortex™

RELN Uni-Pits are the fastest and easiest pits to install. The unique vortex design prevents water pooling in the bottom of the pit, removing a common breeding place for mosquitoes. The Uni-Pit Vortex™ inline drainage system eliminates the need for risers, as vertical pipe can be cut to the required depth.

- Designed for driveways, car parks and slow traffic commercial areas
- Shallow pit = easier installation
- Anti-Tamper feature
- High impact polypropylene base
- Designed to eliminate pooling water = no mosquitoes
- Easy glue fit to 150mm PVC pipe
- No risers needed. Cut vertical pipe to required depth

**No Pooling Water!  
No Mozzies!**
